

CORESLAB. STRUCTURES (MIAMI) INC.

September, 2002

To Whom It May Concern:

I would like to take this opportunity to thank you and all of the staff at Ralph Merritt Construction Corp. for the outstanding job they did on the construction of our new office facility in Medley. Such consideration and attention to detail is sometimes lacking in our busy world. However, your firm showed us this was the norm for them when providing your customers with their services.

We are without a doubt pleased to have chosen your firm for this undertaking and would gladly recommend you to anyone interested in having a quality construction project built by a qualified contractor without the worry.

Sincerely,

CORESLAB STRUCTURES (MIAMI) INC.

Manuel Gonzalez
