Ladies and Gentlemen,

We would like to thank everyone at Ralph Merritt Development for the excellent job done at our new warehouse.

We are extremely pleased with the excellent service and friendly attitude we received from the office staff and the construction workers. Everyone was very attentive and understanding of our needs and very helpful especially with all the questions we had in embarking in this new venture. We feel that our company will benefit greatly from working in this wonderful new warehouse and we shall recommend your company highly to everyone.

Thank you again and we look forward to working with you on any future project we may endeavor in.

Best Regards,

Mary Burns
President
